Where Kiwis tell their stories!

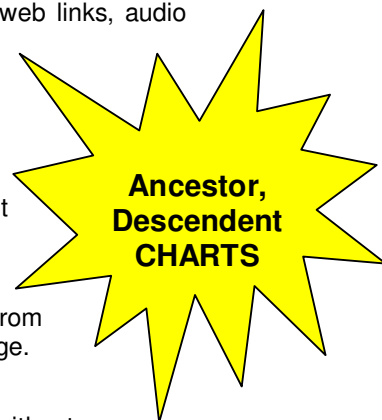

**More than
14 Million
Records!**

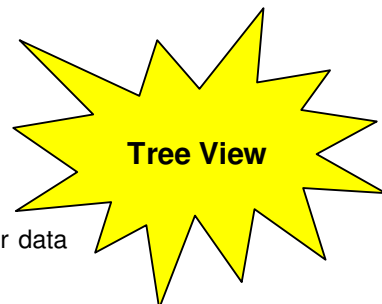

Find your family!

Tell your story!

- **Rich Data**
Not just bare-bones name/date information: also pictures, documents, web links, audio and video.
- **Many ways to see your data**
Page view – maximum detail about one person.
Tree view – the person and their family.
Timeline View – see your family in historical context! (World first).
Charts: family structure, with any number of ancestry and descent generations.
- **Live Charts**
You can produce and print charts, not just from your own records, but from the records of others. Clicking a chart cell will open the corresponding page.
- **Safe and Secure. You retain full control**
Your data remains yours. It can't be downloaded. It can't be changed without your permission.
- **Automatic Privacy Management**
Share your family data securely with your family, while sharing the public data with the general genealogy community. You no longer need separate "family" and "public" versions of your data.
- **Collaborate with others**
Automatic detection of duplicates
Easy communication with other record owners
Compare your data with theirs
- **Easy On-line Editing**
You don't have to rely on your own PC program: you can do everything on the web. If you DO use a program like Legacy, you can upload your data very easily, and then update it on line.
- **Telling Your Story is Free**
There is no charge to put your data on FamNet, and to see it there. We only charge you to see other people's data.
- **Support Databases**
Shipping records, WW1 soldiers, notices, cemetery records, and more.
- **FamNet Community**
You can interact with others – read newsletters, post information wanted, get help to identify pictures, etc.

**Ancestor,
Descendent
CHARTS**

Tree View

Tree View: A screenshot of a genealogy website showing a tree view for Arthur Cyril Barnes (1902-1985). The interface includes a sidebar with navigation options, a main content area with a family tree diagram, and a detailed view of the individual's record. The tree view shows the individual's parents, siblings, and children, with each node containing a small portrait and basic biographical information.

Timeline View

Timeline View: A screenshot of a genealogy website showing a timeline view for Arthur Cyril Barnes (1902-1985). The interface includes a sidebar with navigation options, a main content area with a horizontal timeline, and a detailed view of the individual's record. The timeline view shows the individual's life events, such as birth, marriage, and death, with each event marked by a colored bar and accompanied by a small portrait and basic biographical information.
